## VITRIFIED TILES

Today Marbonite has become synonymous with flooring. The incomparable elegance and style of natural marble authentically captured on Marbonite will certainly leave you floored. The marvel of modern vitrification technology, Marbonite is superior to its natural counterpart both aesthetically and functionally. Continuous product development, introduction of revolutionary features and technological innovations have always kept Marbonite far ahead of the competition. No wonder Marbonite has been the most preferred choice of Indian households for many years.

It is a collection of the most popular designs in the Marbonite portfolio. Marbonite StainFree is a new and improved Marbonite product with significantly enhanced stain resistance, and with gloss levels that rivals the best of mirrors. So go ahead and pick one that suits your lifestyle for a world class flooring experience!
